August 2022 meeting

- There are 317 meters in service. I have looked over the meters in service some more and still looking over information to make sure it is the correct number. I have changed a couple meter heads.
- Sand blasted some fire hydrants and started to repaint them.
- Regular upkeep and maintenance was performed.
- Had a hand full of dig safe mark outs
- Went to a free water school
- Mark Rode has been working on the update to the main water computer. There is still some work to be done. Work has been getting done on updating the main operation computer to get it more user friendly.
- The water tank was cleaned and looks to be in good condition.
- Eye wash and Fire Extinguishers checks have been done.
- We did our monthly water sample required by the D.O.H. MET the bacteriological requirements for a public water supply as set forth in subpart 5-1.5 of the State Sanitary Code under Public Health Law 225.
- We did a hand full of water samples and sent them to JH Lab.
- New water hook up.
- Got my information to the Town web site person and hope its up on the page soon so if anyone wants to know some info on the water system its up there. Hope the updated info is up soon. Hoping to hear that the updated info for water on the web page is done and I can get my thumb drive back.

Thank You -

Eric Rogers

Class C Water Plant Operator
